

5-7 October 2020 ٢٠٢٠ أكتوبر ٧-٥

SCIENTIFIC PROGRAM
PLENARY SESSIONS ROOM

Date	Time	Session/ theme	Agenda Session	Speaker name
Day 1	Morning			
10/5/2020	09:00 - 09:10		Welcome address and Introduction	-----
10/5/2020	09:10 - 09:50	New Technology in Treatment	Transtubular extracavitary costotransversectomy for thoracic disc disease	Dr. John Duff
10/5/2020	09:50 - 10:30	New Technology in Neurology	TCD in critical care patient	Prof. Alexander Razumovsky
10/5/2020	10:30 - 10:45		Break	-----
10/5/2020	10:45 - 11:25	New Technology in Neurology	TCD as a first choice to screen for Patent Foramen Ovale	Prof. Alexander Razumovsky
10/5/2020	11:25 - 12:05	New Technology in Neurology	Acute tele Neurology, a solution to an unmet need	Dr. Fahmi Alsenani
10/5/2020	12:05 - 12:15		Break	
10/5/2020	12:15 - 12:45	Headaches	TBC Eli Lilly	TBC
	Evening			
10/5/2020	17:00 - 17:30	Multiple Sclerosis	Clinical & radiologic monitoring in MS - Novartis	TBC
10/5/2020	17:30 - 18:00	Multiple Sclerosis	Cognition assessment & interventions in MS - Novartis	TBC
10/5/2020	18:00 - 18:40	Spinal Surgery	Benefits and Limits of Computer Assisted Surgery. Navigation in Spine Surgery"	Prof. Marcel Ivanov
10/5/2020	18:40 - 19:20	Spinal Surgery	Minimally Invasive TLIF (transforaminal lumbar interbody fusion): what does the evidence tell us?	Dr. Andreas Demetriades
	19:20 - 19:35		Break	
10/5/2020	19:35 - 20:15	Spinal Surgery	Progress made in minimally invasive options in spine surgery	Dr. Tony Tannoury
10/5/2020	20:15 - 20: 55	Spinal Surgery	Image guided surgery of the cervical spine	Dr. John Duff
Day 2	Morning			
10/6/2020	09:00 - 09:40	New Technology in Treatment	Vagus nerve stimulation for Epilepsy	Dr. Faisal Al Otaibi
10/6/2020	09:40 - 10:20	New Technology in Treatment	Telestroke: A New Paradigm	Dr. Adel Alhazzani
10/6/2020	10:20 - 11:00	New Technology in Treatment	Technology and Technique Advancement in Epilepsy Surgery and Modulation	Dr. Faisal Al Otaibi
10/6/2020	11:00 - 11:15		Break	-----

5-7 October 2020 ٢٠٢٠ أكتوبر ٧-٥

10/6/2020	11:15 - 11:55	Spinal Surgery	Percutaneous fixation and minimally invasive surgery for spine fracture	Dr. Mohammed Halawani
10/6/2020	11:55 -12:35	Spinal Surgery	New treatment in back pains	Dr. Zoheir Kamel Hassan
10/6/2020	12:35 - 13:15	Remote Monitoring	How a surgeon reads and analyses spinal imaging	Dr. Tony Tannoury
10/6/2020	13:15 - 13:45	Plenary session	Siemens - TBP	TBP
	Evening			
10/6/2020	17:30 - 18:00	Plenary session	Siemens - TBP	TBP
10/6/2020	18:00 - 18:40	Remote Monitoring	Wearable sensors for Parkinson's disease	Prof. Antonio Suppa
10/6/2020	18:40 - 19:20	Remote Monitoring	Automated ambulatory devices for epileptic seizure detection	Mr. Brad Westcott
10/6/2020	19:20 - 19:35		Break	-----
10/6/2020	19:35 - 20:15	New Technology in Treatment	Intractable epilepsy: surgery and neurostimulation	Dr. Selim Benbadis
10/6/2020	20:15 - 20:55	Neuro Physiology	Future of Epilepsy care	Dr. Ashraf Al Harthi
Day 3	Morning			
10/7/2020	09:00 - 09:30	Neuro Physiology	Stereoelectroencephalography in epilepsy and cognitive neurophysiology	Dr. Fawzi Babtain
10/7/2020	09:30 - 10:00	Neuro Physiology	Surgical treatment of epilepsy	Dr. Khalid Saleh Alqadi
10/7/2020	10:00 - 10:30	Spinal Surgery	Navigation and robotics in spine surgery	Prof. Nikolay Konovalov
10/7/2020	10:30 - 10:45		Break	-----
10/7/2020	10:45 - 11:15	Spinal Surgery	Trigeminal neuralgia in Multiple Sclerosis: tips, lessons, pitfalls.	Prof. Andreas Demetriades
10/7/2020	11:15 -11:45	New Technology in Neurology	Botox as a treatment for migraine	Dr. Fahad Salih Algreeshah
10/7/2020	11:45 - 12:15	Panel Discussion	Panel Discussion: the impact of Covid-19 on Neurology	Dr. Fahad Salih Algreeshah
10/7/2020	12:15 - 12:25		Break	
10/7/2020	12:25 - 12:55			
10/7/2020	12:55 - 13:25	Plenary session	Managing RRMS in the time of Pandemic - Sanofi	Dr Jameela Al Saedi
10/7/2020	13:25 - 13:55	Plenary session	Challenge Cases in Multiple Sclerosis - Sanofi	Dr Hind Nagashi
	Evening			
10/7/2020	18:00 - 18:40	Remote Monitoring	Tele-transmission of EEG recordings	Mr. Tim Innes
10/7/2020	18:40 - 19:10	Remote Monitoring	Advanced voice analysis with machine learning in patients with Neurological Disorders	Prof. Antonio Suppa
10/7/2020	19:10 - 19:40	New Technology in Treatment	Errors in EEG and misdiagnosis of epilepsy	Dr. Selim Benbadis
10/7/2020	19:40 - 19:55		Break	-----

5-7 October 2020 ٧-٥ أكتوبر ٢٠٢٠

10/7/2020	19:55 - 20:25	New Technology in Treatment	Mobile Stroke Unit	Mr. Eric Anderson
10/7/2020	20:25 - 20:55	Plenary session	Intrathecal Baclofen Pump for Spasticity in Multiple Sclerosis, Cerebral Palsy and Post Stroke Patients. - Medtronic	Dr. Edgar Ross
10/7/2020	20:55 - 21:25	Plenary session	Intrathecal Morphine Pump in Cancer and Non Cancer Patients. Medtronic	Dr. Edgar Ross
10/7/2020	21:25 - 21:55	New Technology in Rehabilitation	Updates on deep brain stimulation for Parkinson disease	Dr. Ahmed Al Khani
10/7/2020	21:55 - 22:15		Closing Remarks and Appreciation
